VSE is highly appraised both in the Czech Republic and abroad. Thanks to correct implementation of the credit system, VSE was certified with the "ECTS label" and "DS Label" by the European Commission from 2014 to 2018. Both certificates confirm the credibility of VSE in terms of partnerships with universities abroad. VSE is ranked by the Financial Times annually and has already been appraised by the Eduniversal Ranking project as one of the best "business schools" in Central and Eastern Europe during the past couple of years. VSE is the first university in the Czech Republic to be accredited by the Association to Advance Collegiate Schools of Business "AACSB", confirming its membership in a small group of elite global economic universities. Two Master's degree programs have been certified with EPAS accreditation by the European Foundation for Management Development (EFMD). The Faculty of Business Administration has successfully completed the EQUIS re-accreditation process and is still the only Czech faculty with this most prestigious international accreditation in the field of management.
